PROGRAMME NOTES

Good evening everyone.

Today we entertain the Avon Youth Football League in our annual under 16 match. The fixture is always played in the latter end of the season, and is used as a trial match for the development of the County Under 16 and Under 18 teams.

We extend a very warm welcome to all the Officers, players, and supporters from the Avon Youth League and trust that you will witness a game which will enhance the name of our national game.

We extend our welcome to the three match officials from the Bristol area. It is hoped that the game will be played in the right spirit with the emphasis on fair, but hard play. This will ensure that their after match verdicts will be one of satisfaction. We would also like to thank the officials, and all others for officiating on a weekly basis at a time when referees are hard to locate.

The Gloucestershire Youth Football Association are indebted to everyone at Bristol Manor Farm for all their work in preparing the playing area. The ground is a credit to everyone concerned.

Finally your support is welcomed by our Association. We trust that you will enjoy the game, and that your good behaviour will ensure that we are welcome here in the future.

Best wishes to you all.
