 U14 MATCH REPORT U14 MATCH REPORT

Aaron and Declan were on holiday so Charlie volunteered to go into goal for us. Up to Hursley Hill for a sunny Thursday night.

The line up was:

Charlie
 Josh Sam Reece Joel
 Bryn Connor Tom Max
 Lorenzo Callum

Substitutes: Noah

Spartak attacked but Reece cleared to Callum, who turned and laid in Lorenzo, but he prodded his shot wide. Josh controlled with his left foot and then Connor flicked it forward to the left where **Callum** went after it, one touch and then blasted it into the far right **0-1**. They kicked off and hit to our left-back area. Joel hit it down the line for Tom to flick inside to **Callum**, and he spun and hit it for the far right corner **0-2**. We won it from their kick, played it down the line for Callum and his low driven cross was met in the middle by **Lorenzo 0-3**, with all three goals coming in the space of less than three minutes. Spartak mounted an attack, rode a few challenges and saw the ball roll clear to their big winger who smashed it hard and low past Charlie's slide **1-3**. From our kick we hit it forward for Callum who reached it ahead of the 'keeper and lifts it over him, but into the outside of the net. Another Spartak attack saw Josh block, before the shot hit the post and come out. Tom laid Callum through to shoot, and it deflected up, so he waited for it to come down, however the ball was spinning and bounced into the 'keeper's arms. Noah chipped the ball forward for **Lorenzo** to flick on, then head the bounce on, before burying it low past the 'keeper into the bottom left **1-4**. Lorenzo went after his own ball down the right before centring the ball for **Callum** to lift over the 'keeper for his

Hat-Trick **1-5**. A ball down the line was chased by a Spartak player who hammered it into the far corner **2-5**.

HALF-TIME: B/SPARTAK 2 FRY 5

Noah passed the ball forward to Tom, who in turn found Lorenzo and he switched it cross-field to Bryn. Bryn and Josh played it between each other until Bryn worked an angle to float the ball over and **Lorenzo** was in at the back post to header it in and complete his Hat-Trick **2-6**. They attacked down their right and we didn't deal with it. It was crossed to the middle and again we missed our chance to clear it and they hammered it home **3-6**. A high ball was hit into the area. Charlie and Josh came for it, and managed to put each other off and their player happily passed it into the empty net **4-6**. After a bit of a melee Connor chipped it for the far corner, but their 'keeper made the save. Their attack broke down and a quick ball out found **Callum** who went past a defender and buried it into the far corner **4-7**. Charlie played it to Joel and he found Reece. Reece played it forward to Lorenzo who strode past their defender, played it inside to Conner, but his shot, although past the 'keeper, was just wide. Charlie decided from a goal-kick to pass to their forward! He made amends however by sliding out very quickly to clear it. We broke out of defence which Lorenzo chased and clipped through for **Callum** to hammer into the far top left corner of the goal **4-8**. Noah came across to cover and passed back for Charlie to clear, however his kick hit Noah, and so Noah went after the player, tugging on the shirt as he did, so the ref' gave a penalty, which their tall lad blasted very hard, although credit to Charlie for getting his fingers to it **5-8**.

FULL-TIME: B/SPARTAK 5 FRY 8

Man of the Match – Chosen by Andy for excellent play and effort – **Tom**

Afterthoughts.....

I was very impressed with the way we went at them from the start, rather than in previous seasons where it took us 15 minutes to get going. The team talk again was easy as I just asked them to keep doing what they were doing, passing, moving & working. The highlight though was three goals in under three minutes.
