Andy was away with work, so Ray took charge. Dec was unable to get to the game, so Tom kindly took over. Everyone else was available. Unfortunately there was a technical problem with the Dictaphone which we didn't know about until Friday, which means that the game is lost to history! What follows is the extremely abridged version.....

The line-up was:

Tom

Josh    Aaron    Reece    Joel

Bryn    Sam    Noah    Max

Lorenzo    Callum

Substitutes: Charlie & Elliot

We played well in the first half, competing for every ball and for long periods controlling the game, capitalised by **Callum** coolly putting us **1-0** up. Right on half-time however we were fouled and the ref played advantage, but we lost it and they shot past Tom **1-1**.

**HALF-TIME: FRY 1 ALDHELMS 1**

In the second half a different Frys team emerged. Unfortunately it wasn't the team

we had hoped for as St Aldhelms took control of the game, winning the challenges and winning the physical game, allowing them to exploit the chances that it created. Just into the second-half they scored again **1-2**. As the game went on they came to dominate and but for a few performances (and Ray mentioned Aaron & Tom in particular to Andy), it could have been much worse. As it was they took the next chance when it came **1-3**, and then completed the victory **1-4**, however not before riling Max enough for him to take a stand against the much bigger opponent! That's not to say that we completely rolled over, and we did create chances, but we just didn't take them.

**FULL-TIME: FRY 1 ALDHELMS 4**

**Man of the Match** – Chosen by Andy for excellent play and effort – **Aaron**

*Afterthoughts.....*  
*Ray was very unhappy with the result and let the boys know as much after the game. The saddest part of our surrender was that, believe it or not, 2<sup>nd</sup> place was still a possibility if we won our games and City beat Warmley. That went however tonight, and although our season has been fantastic, that little extra dream was nice.*
