<p>U15 MATCH REPORT U15 MATCH REPORT FRY CLUB U16 JUNIORS V FRY CLUB COLTS U15 MATCH REPORT U15 MATCH REPORT</p>
--

Andy was away on this one, flying out to the Mediterranean, taking in the sun, relaxing on deck, looking forward to a week of island hopping to exotic locations, sipping cocktails on board as the games kicked off..... but I digress. We had no game due to the Gloucestershire County Cup, but with the U16 Juniors facing the same, we agreed a training game. Callum was away on trial with Rovers, Del and Lore had made other arrangements once the league game was cancelled, as had Joel who was off motorcrossing. Tom's injury had ruled him out for weeks, and Aaron had a knock in so wisely rest, which meant that Tony took charge of the nine available, and the U16's kindly lent us two of theirs.

The line-up was:

		Harry		
Josh	George	Reece	Noah	
Sam	Bryn	Ben	Max	
	Archie	Guy		

Substitutes:

It was a fairly even first half, with both teams creating chances and defending stoutly. We scored two, both through **Ben**, one a penalty and the other driven in, and they had done the same **2-2**.

HALF-TIME: FRY'S U16's 2 FRY'S U15's 2

In the second half, we continued in the same vein as in the first, but they managed to get three more and that was how it ended **5-2**.

FULL-TIME: FRY'S U16's 5 FRY'S U15's 2

<p>Man of the Match – Chosen by Tony for excellent play and effort – Sam, George & Bryn</p>

Afterthoughts.....

When six of your squad are missing, including all four players so far used as strikers, and two defenders including last season's player of the year, it was always going to be a disjointed performance, and chances not always going our way. That said, Tony was pleased with the effort shown, and said that every player came with the right attitude and maintained it throughout. What was most important to me was to get another 80 minutes under our belt especially as we had had such a disjointed pre-season, and for every player to take it seriously, and from Tony's report, that was the case so well done.
