### **U16 MATCH REPORT U16 MATCH REPORT KEYNSHAM TOWN V FRY CLUB COLTS U16 MATCH REPORT U16 MATCH REPORT**

Ben was almost over his injury, and came along for the Team photo, so we had 13 for our third game of the season against Keynsham. Keynsham looked different from the team we had played the week before, and then we realised it contained some of their Saturday team with Mark West and Lewis Perrett amongst them, so not Keynsham Town!

The line-up was:

Harry

Jay Del Jack Tom

Lewis Sam Ben Worlock Joe

Sean Boxey

Substitute: Lore & Charlie

Keynsham attacked down the left, played a quick one-two and crossed to the middle where del tried to clear with his left, but it flew up instead, and from the scramble as it came down, Bryn won it, stepped to the right and unleashed a shot into the top right **1-0**. Del attacked down the wing and crossed for Lewis to shoot with a half-turn volley, but unfortunately it was into the 'keeper's arms. They hit a ball into our left back area, so tom looked to hoof it up-field, but cleverly disguised it as he turned inside his man, before going inwards towards Lewis who played it on down the line for Boxey, who ran down the line and cut in, through five players before the last stopped him, however it came to Joe, who set it for **Ben** to wriggle through two players and shoot low into the bottom left **1-1**. We worked a corner on the right through Boxey's hard work. Ben took a short one to Joe, and then ran after it for the return, which he chipped to the middle, and **Sam** rose unmarked in the middle to head in **1-2**. They hammered a free-kick from the edge of the area, off of the cross-bar and we cleared it as it came down.

Keynsham then attacked again and crossed low, and Del, three yards out managed to turn it over the bar. They took a quick free-kick into the right corner where Tom faced two, and the cross in was hammered past Harry from close range **2-2**. Tom swung a corner in high to the back post; however Boxey's volley was from a very narrow angle, and the 'keeper was able to cover it. They hit a long ball over the top, however Harry was very alert and sprinted to the edge of his area to grab it just ahead of them. Tom and Joe combined well to break their attack, and played it through Del to Jay. Jay went down the line to Boxey, who ran all the way and cut in, but his shot flew across the face of the goal. Sean won the ball on the left, played it inside to Sam who shot low, but it was always going wide.

**HALF-TIME: KEYNSHAM 2 FRY 2**

Boxey took on a defender down the right and crossed the ball in for Lore, but he was tackled as he shot. They hit a long ball from right in their corner, down the line and crossed in, Harry did fantastically to save from the first close range shot, however it dropped nicely for another Keynsham attacker, and he hammered it high into the net **3-2**. With five minutes to a go, another long punt from Keynsham saw Jay, Harry and a Keynsham attacker come together, the referee pointing to the spot. Up stepped their penalty taker and smashed it hard to Harry's right, however he anticipated that and dived quickly with strong hands to push the ball away from the goal.

**FULL-TIME: KEYNSHAM 3 FRY 2**

**Man of the Match** – Chosen by Andy for excellent play and effort – **Harry**

#### **Afterthoughts.....**

*Even before the game we realised that this was not the same Keynsham team that had played their League matches this season, or for that matter last week. The fact that they had to bring in their Midland League players to try to beat us speaks volumes about how well we play when we are all available! Just Avon to go now.*
