After last year's success in Torquay, we wanted to go again, but not so many were up for going away. What we had noticed last year were that some local Teams had made up numbers and so we enquired about the Brean Tournament, with some of us (Bradley, Cory, James, Kaylum & Andy) opting to book into a local Premier Inn to avoid the 50-minute drive each morning and night. This time we had nine matches, split across two days (Saturday 27th and Sunday 28th May) and, and then back to Brean Holiday Park to receive their medals on the second evening. With no recognised goalkeeper, everyone was taking turns again, and the Tour Squad was:

Bartek, Bradley G, Cory, Finlay, James, Kaylum & Liam.

Priory were a Team that we had met before. Hailing from the Weston-Super-Mare (WSM) area we first faced them as U6's at the SFA Festival, our first ever tournament and they had demolished us. Whilst we were a lot closer this time, they still put five past us! **5-0**.

Burnham, another WSM area Team were next up, and **Cory** scored our first goal, but they responded in kind **1-1**.

Our third match was Milton Nomads Sports Blue, and at last we really opened up with a hat-trick from **Bradley** as well as goals from both **Liam** and **James** securing us a comfortable victory **5-0**.

Milton Nomads Sports had obviously gone stronger in their Red team, as this match was much tougher, and a goal from **Bartek** was answered with two from them **2-1**.

We ended the first day against a Team who were properly on Tour; Tivdale coming down from Dudley. They may have wished they hadn't as **Finlay, Kaylum, Bradley, Bartek** and **Liam** all scored to no reply **5-0**.

There ended the first day, five matches and seven points! Not setting the tournament alight, but certainly not out of it. Those who had not booked into the hotel went home, whilst those who had went back and enjoyed a nice meal together whilst the boys had fun and prepared for Day 2.

We started Day 2 slowly against another local Team and maybe it was the long drive or late night, but we were sluggish and didn't create much **0-0**.

Our slow start did not improve in Match 7 as our second "touring" team took us apart. From the southeast coast they were quick and decisive, and we just hadn't woken up **5-0**.

Our final match of the tournament and another local team finally saw us get on the scoresheet with a brace from **Bradley**, although it wasn't enough to get us the win **2-2**.

Afterthoughts.....

Well, we did much better than the previous year, but with just the top two going in to the Final, it was always going to be a tall order! It was nice to see every player on the scoresheet, and even better, we all went to Brean Leisure Park for a few hours afterwards before the Presentation, and the boys all had a cracking time there.
